

TOGS Aircraft A&P Mechanic – Corporate Aviation

Company: TOGS Aircraft, LLC, a Sage-Popovich, Inc. company

Location: Gary, Indiana (GYV)

Type: Full-Time, Permanent

TOGS Aircraft is a premier FAA Part 145 Repair Station with over 22 years of excellence in the aviation industry. Now backed by the global expertise of Sage-Popovich, Inc., we are expanding our operations. We are seeking a committed, detail oriented A&P Mechanic to join our team at the Gary/Chicago International Airport.

If you thrive in fast-paced environments and have a passion for maintaining world-class business jets, we want to hear from you!

Key Responsibilities

- **Maintenance & Modifications:** Perform scheduled and unscheduled maintenance, inspections, and complex airframe/engine modifications.
- **Troubleshooting:** Diagnose and rectify mechanical, electrical, and hydraulic issues with precision and accuracy.
- **AOG Support:** Provide critical Aircraft On Ground (AOG) support, which may involve occasional travel in the region.
- **Safety & Compliance:** Ensure all work meets FAA Federal Aviation Regulations (FARs) and company quality standards.
- **Operational Flexibility:** Work a flexible schedule including evenings, weekends, and holidays as needed to support flight operations.

Required Qualifications

- Hold a valid FAA Mechanic Certificate with Airframe and Powerplant (A&P) ratings.
- Strong working knowledge of FAA Part 145 operations and FARs.
- Ability to lift up to 50 lbs and work in various hangar/apron environments (no allergies to fuels, oils, or solvents).
- Demonstrated organizational skills and the ability to communicate effectively within a team.

Preferred Experience

- Experience with Business/Corporate Jets (Hawker, Beechcraft, Gulfstream, Citation, Bombardier, Learjet).
 - Engine Run and Taxi qualification.
 - Completion of at least one (1) manufacturer-specific Maintenance School.
 - Proficiency with aircraft maintenance software and general computer systems.
-
